# Helping Others Through Golfing

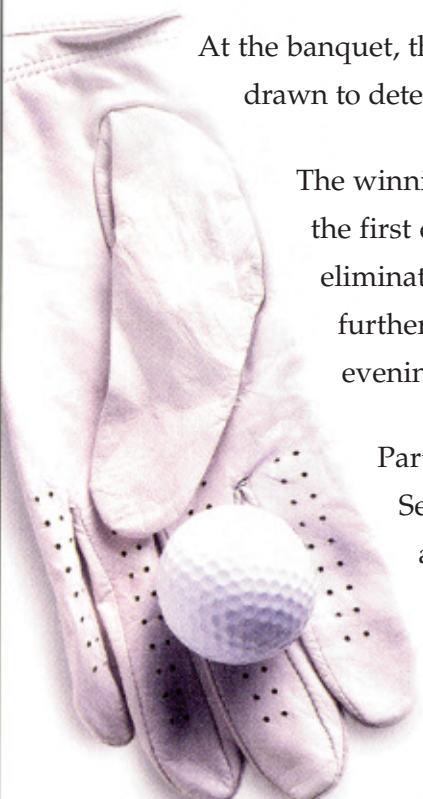

100% of the net profits of this charitable tournament will be divided equally between several Social Service agencies participating in the tournament by either sponsoring a foursome themselves or having someone sponsor them. In the three years of this tournament, we have distributed grants totaling \$44,000 to participating social service agencies.

Each sponsored agency will receive one golf ball with their name on it for each sponsored foursome, with a maximum of two.

At the banquet, the balls will be drawn to determine the winners.

The winning agency from the first draw will be eliminated from further drawings that evening.

Participating Social Service agencies and their sponsors will receive recognition in the tournament booklet.
